## Achievement Team Certification with Steve Ventura

The Achievement Team Certification process is an experiential learning program designed to build capacity among partner organizations. This two + plus one day training permits participants to "master" the content, therefore becoming experienced Achievement Team facilitators.

### Achievement Teams Certification: Build Internal Capacity

This powerful three-day certification will transform the way teaching and leadership teams function and communicate. By training your own cadre of facilitators through the Achievement Team Certification process, your organization (school or district) will immediately be able to build internal capacity while doubling your ability to raise student achievement.

#### Core Functions of Achievement Teams Certification:

1. Learn essential presentation strategies
2. Create an implementation roadmap
3. Learn multi-tiered facilitation options
