

# JOIN US AT A NATIONAL ACHIEVEMENT TEAMS CERTIFICATION!

October 8-10, 2024 | Paso Robles, California

Whether you're implementing Data Teams, PLCs, or are brand new to collaborative protocols, this three-day, action-oriented training opportunity will permit attendees to completely retool their collaborative instructional protocol. The training will help participants determine actions to empower teaching and leadership teams through disciplined collaboration. Attendees will leave with a new enthusiasm for teaching, learning, and leadership.

## What are Achievement Teams?

The Achievement Teams process is an experiential, collaborative four-step protocol that focuses on collective teacher efficacy. All of the components of Achievement Teams are intentionally aligned to those teacher and leadership profiles that have the greatest impact on student achievement.

The process provides a structure for teachers to specifically identify areas of student need and collaboratively decide on the best instructional approach in response to those needs. When schools and school systems break down the silos of individual practice, we can create truly professional teams of educators who continuously reflect on and improve their practice.

## Why Attend a Certification Training?

Attendees learn more about this collaborative protocol and walk away with the tools and resources to support Achievement Teams implementation back at their schools and districts.

## Event Details

Registration Cost: \$1500/participant

Attendees receive training manuals and digital materials, an Achievement Teams toolkit and copy of the book, and much more!

Discounted hotel rate available for \$165/night. Book your room [here](#).

## About Presentations

### Small Group Presentations

In two small group presentations consisting of 4-5 fellow participants, you will speak on a topic of your choosing and receive focused feedback from peers. This is where the true collaboration happens!

### Large Presentations

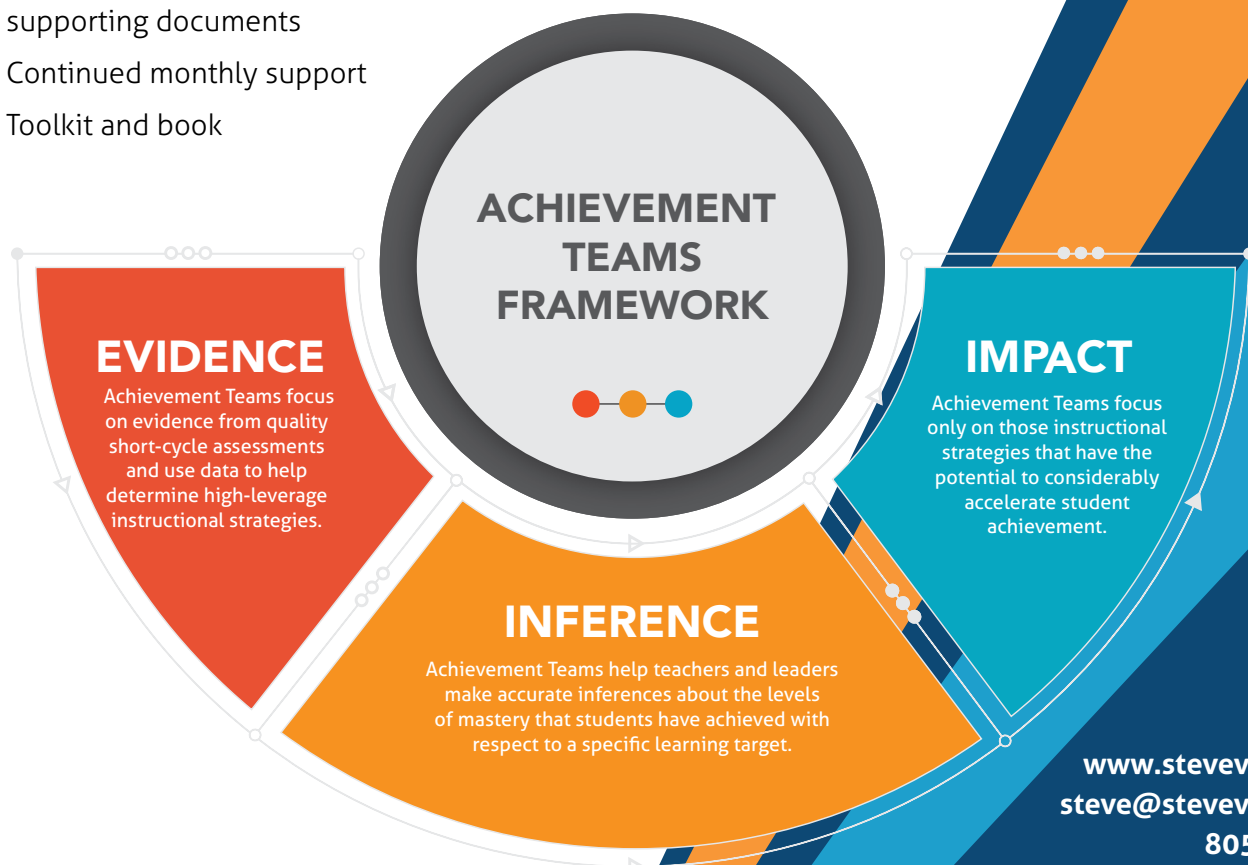

In one large group presentation, you will work with a small team to prepare and present an implementation plan designed to foster deeper levels of collective teacher efficacy.

## Resources

- Training manuals and handouts
- Presentation materials and supporting documents
- Continued monthly support
- Toolkit and book

## Required Materials

- Laptop with internet capability

## Travel Information

### Airport Recommendations

---

The nearest airport is **San Luis Obispo County Regional Airport (SBP)**.

Paso Robles is halfway in between Los Angeles (LAX) and San Francisco (SFO).  
The drive from both major airports is about 3.5 to 4 hours.

### Hotel & Training Location

---
