School Board Governance-

As the corporate entity charged by law with governing a school district, each School Board sits in trust for its entire community.

The obligation to govern effectively imposes some fundamental duties on the Board.

This interactive one-day seminar will demonstrate how School Board members can acquire the

knowledge, skills and resources needed in order to grow both personally and in their ability to provide sound school district leadership. Creating a coherent path to higher levels of competency and performance for school boards is a critical skill set in order to help the district achieve the best possible results.

Session Outcomes

- How to clarify the district purpose.
- How do connect with the community.
- How to monitor school and district performance.
- How to delegate authority.
- How to employ and evaluate your superintendent.

There is a lot to learn-whether you are a newly elected or veteran school board member. Fortunately, Advanced Collaborative Solutions offers a wide range of board development opportunities to get the knowledge, skills and resources to become an effective school leader.
